

Brief

Next Generation Learning

HP Chromebook 11 for Education

The new HP Chromebook 11 for education combines essential HP innovations and support with Google's Chrome OS. More students can access education content and apps than ever with these simple to deploy and simple to manage Chromebooks.

Access

With a low purchase cost - and an even lower management cost, HP Chromebooks are easy to deploy to students and teachers.

Learning

With an ever-expanding collection of Apps for your classroom, Chrome OS provides new ways to learn, collaborate and grow.⁶

Easy to deploy

More students, faster

HP provides the ultimate Chromebook experience. The HP Chromebook 11 is designed for schools from the ground up. From installation to support, HP provides the most robust platform for your school's own education revolution. Provide your students and teachers an innovative, web-based communication and collaboration platform that is free to all education accounts with no limit to the number of users you can provision.

Chrome devices are optimized for the web's vast educational resources. Integrate rich content into lessons, inspire collaboration, and encourage students to create and share their own content with the world. Chrome devices deliver it all without lengthy startup times or tedious training. They're a simple, scalable and affordable way to put technology into the hands of more students and teachers.

Easier to manage

As easy as A B C

Chrome devices streamline the hours that IT administrators spend managing computers. The Chrome operating system seamlessly improves over time and the available web-based management console lets administrators set up and manage users, apps and policies across an entire fleet of Chrome devices, even if the devices are distributed across many classrooms.

The ease of deploying HP Chromebooks is revolutionary; schools can be up and running within a few hours!

Google Apps for Education is a free suite of online collaboration and communication tools including email, shared calendars, documents, sites and more. It includes many critical security features specifically designed to keep data protected and in your control: all customer data is defined as confidential, it is not scanned for advertisements, and schools own all of the data they put in Google Apps for Education.

Each HP Chromebook is shipped to integrate with Google's cloud-based software:

- Gmail
- Google Docs
- Google Sheets
- Google Slides
- Google Calendar
- Google Sites
- Google Groups
- Google Talk

Student-Centric Learning

Bring personalized learning to your school

By equipping every student with their own device and ID, schools can democratize and personalize learning. Students can explore the web and all of its resources to collect, review and analyze data. Then, they can use Google Apps for Education to create and share their hypotheses and findings with their peers, their teachers—and even their parents!

Teacher-Centric Instruction

From running formative assessments using Google Forms to inviting guest lecturers to a Google Hangout, teachers are more empowered than ever to lead their students to knowledge and achievement. Professional Development is available to empower and enable teaching professionals how to best harness technology in an out-of-the-classroom.

Better with HP

Learning and creativity are unleashed by combining Google and HP. The new HP Chromebook 11 includes a brilliant IPS 11.6" display with wide viewing angle for collaboration. It also includes long battery life, thanks to Google optimizations and HP technology. HP also offers up to a 3-year commercial warranty so schools can have piece-of-mind when distributing the HP Chromebook 11 to students and teachers.

Get started today

HP and Perpetual Technology Solutions can provide the right solution to meet your business needs with a comprehensive HP Chromebook 11 solutions portfolio. HP has worked with its partners to provide certified hardware configurations optimized for smooth and reliable operation. Depend on HP and Perpetual Technology Solutions for HP Chromebook 11 solutions that are backed by a world leader in IT.
